Thank you for purchasing our item. If you have any questions that are beyond the scope of this help file, please feel free contact with us.

1. Project Structure

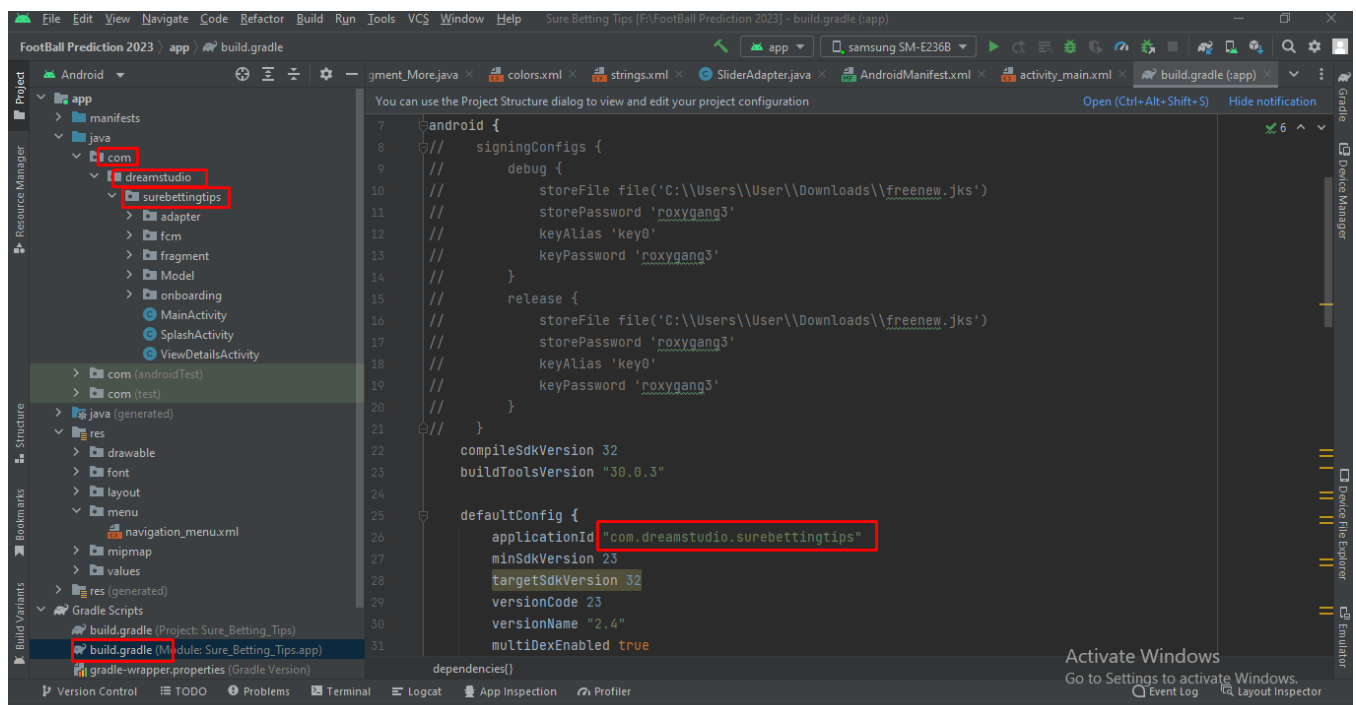

We made the project as simple as possible for better understanding. It contains few JAVA and XML file to customize. If you are new in Android Studio follow the instruction below to open project:

2. Select Football Prediction 2023 and open the project :

3. Make Sure you unmarked compact middle package and change package name,application ID in **build.gradle**.

4. Change App name ,email and admob id,privacy policy,telegram link in string.xml.

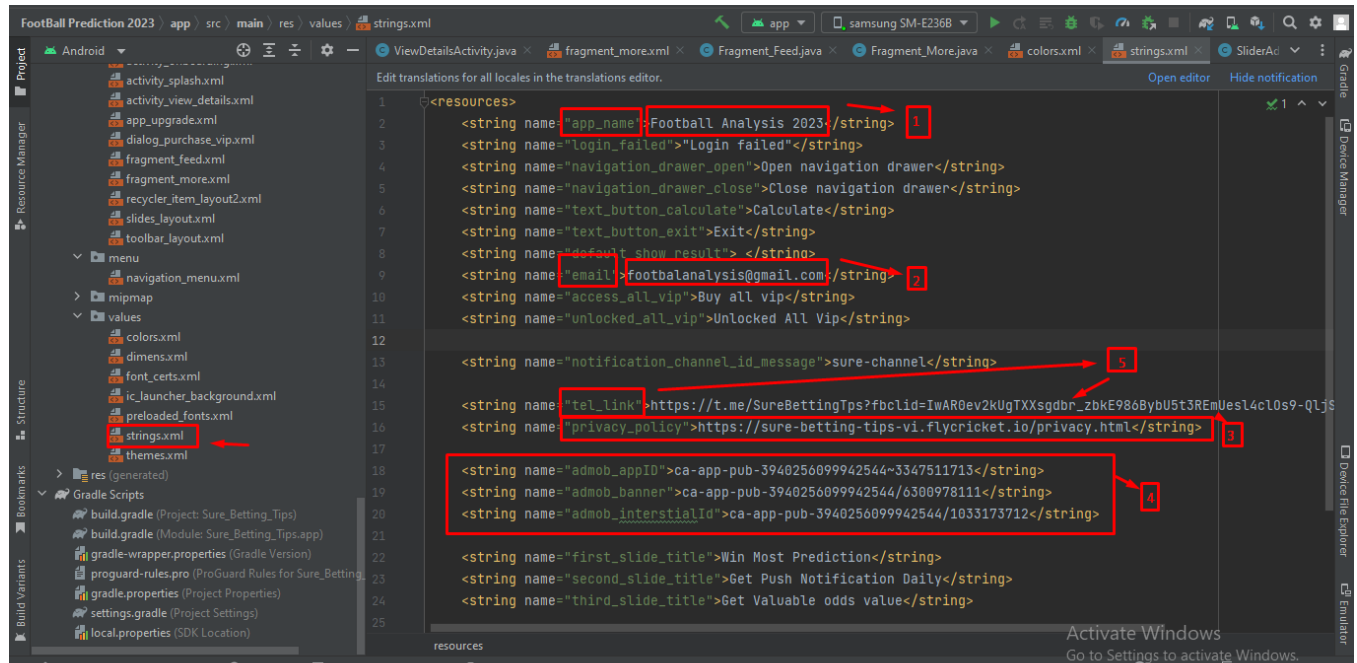

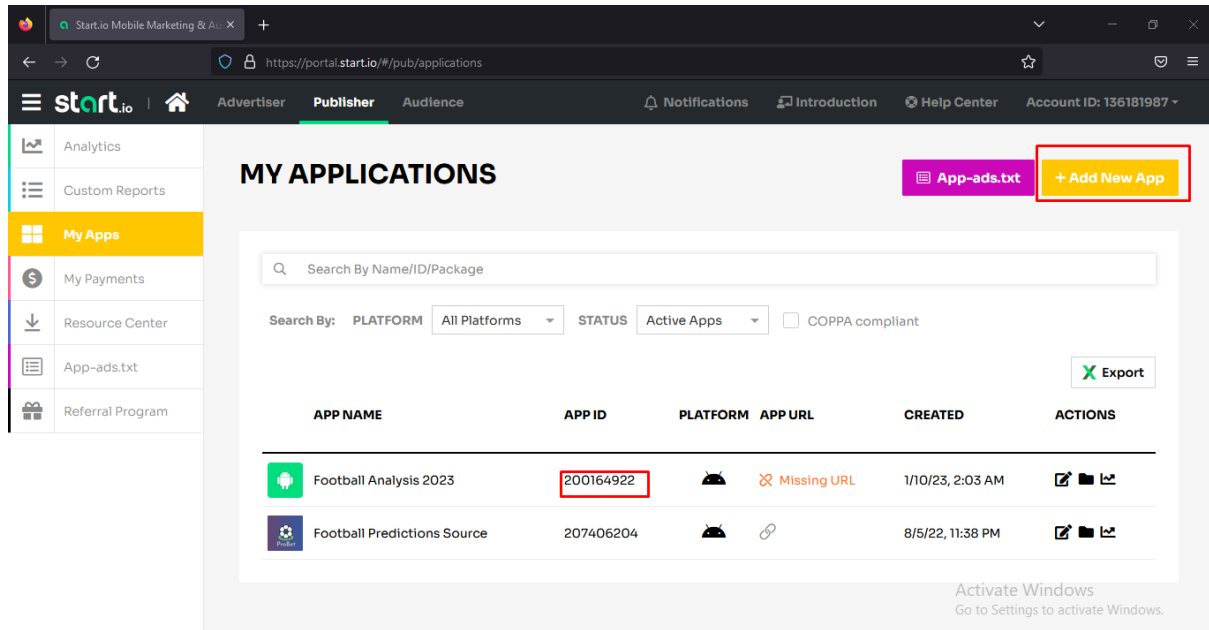

Fig:4.a

In fig: 4.a ,

- ☐ 1.app name change
- ☐ 2.change your email there
- ☐ 3.change privacy policy link
- ☐ 4.Change admob app id,admob banner id,admob interstitial id.(You will get those id from your admob account)
- ☐ 5.change the telegram url link

5.Change StartIO Ads ID here(Just copy App id from startio and paste here) :

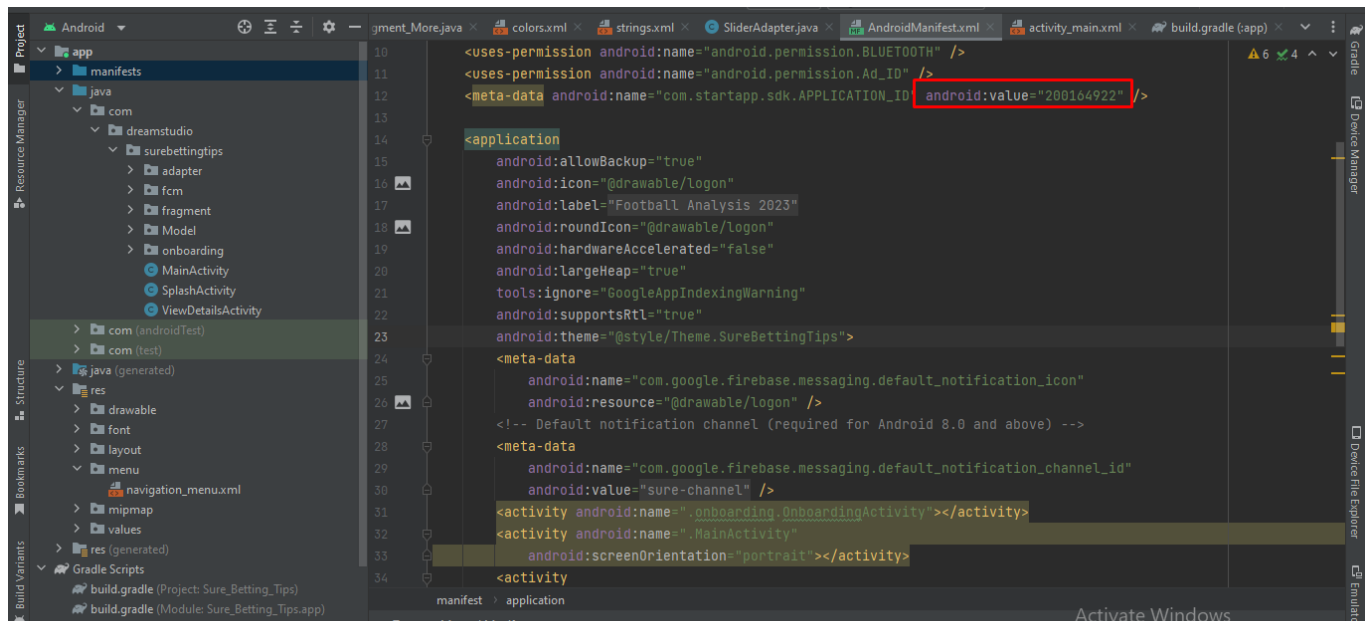

The screenshot shows the StartIO Publisher portal. The left sidebar contains navigation links: Analytics, Custom Reports, My Apps (highlighted), My Payments, Resource Center, App-ads.txt, and Referral Program. The main content area is titled 'MY APPLICATIONS' and includes a search bar, filters for Platform (All Platforms), Status (Active Apps), and a checkbox for COPPA compliant. An 'Export' button is also present. A table lists the applications:

APP NAME	APP ID	PLATFORM	APP URL	CREATED	ACTIONS
Football Analysis 2023	200164922	Android	Missing URL	1/10/23, 2:03 AM	[Edit] [Delete] [Share]
Football Predictions Source	207406204	Android	[Link]	8/5/22, 11:38 PM	[Edit] [Delete] [Share]

At the bottom right, there is a message: 'Activate Windows Go to Settings to activate Windows.'

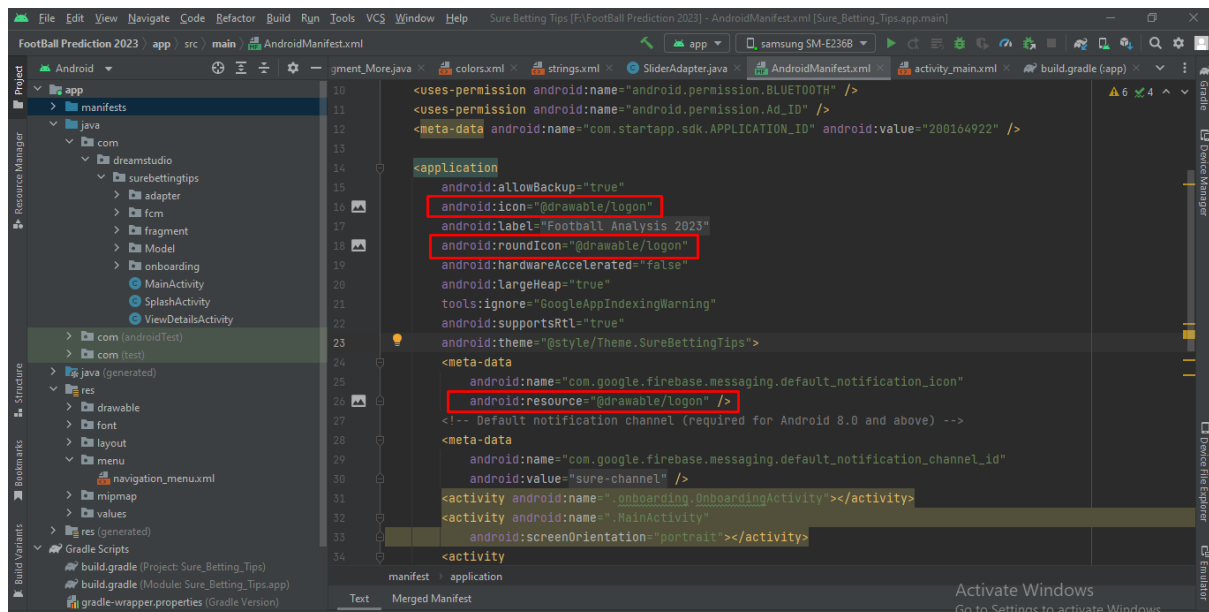

Then paste ID in value section in manifest.xml

The screenshot shows the AndroidManifest.xml file in an IDE. The following XML snippet is visible:

```
10 <uses-permission android:name="android.permission.BLUETOOTH" />
11 <uses-permission android:name="android.permission.Ad_ID" />
12 <meta-data android:name="com.startapp.sdk.APPLICATION_ID" android:value="200164922" />
13
14 <application
15     android:allowBackup="true"
16     android:icon="@drawable/logon"
17     android:label="Football Analysis 2023"
18     android:roundIcon="@drawable/logon"
19     android:hardwareAccelerated="false"
20     android:largeHeap="true"
21     tools:ignore="GoogleAppIndexingWarning"
22     android:supportRtl="true"
23     android:theme="@style/Theme.SureBettingTips">
24     <meta-data
25         android:name="com.google.firebase.messaging.default_notification_icon"
26         android:resource="@drawable/logon" />
27     <!-- Default notification channel (required for Android 8.0 and above) -->
28     <meta-data
29         android:name="com.google.firebase.messaging.default_notification_channel_id"
30         android:value="sure-channel" />
31     <activity android:name=".onboarding.OnboardingActivity"></activity>
32     <activity android:name=".MainActivity"
33         android:screenOrientation="portrait"></activity>
34     <activity
```

6. Change app Icon here in **Manifest.xml**

Once again, thank you so much for purchasing this code. If you have any feedback about our product please feel free to contact with us.
